RE: Response to APS Comments Filed on October 22, 2010 on the Application for  
Approval of a Solar Electrical Supply Agreement

Docket No. E-01345A-10-0113

Dear Commissioners:

The Vote Solar Initiative appreciates the opportunity to address the Arizona Corporation Commission (ACC) regarding Arizona Public Service (APS) Company's reply comments in response to questions raised at the September 22, 2010 open meeting regarding their "Application for Approval of a Solar Electrical Supply Agreement" filed in the above docket on September 9, 2010.

In our view, the project appears to meet the requirements of the Distributed Renewable Energy Requirement (R14-2-1805) in the Renewable Energy Standard (RES) and the letter of APS's 2010 RES Implementation Plan. In the interest of meeting renewable energy goals, increasing renewable energy in the state, and regulatory certainty, we support the project going forward.

Yours truly,

Adam Browning
